### Small Group Activity - Focus Questions

1. How can we begin to or further partner with you and your organization this year?

CVTC / Egn Claire, it was hard to find these volunteer opportunities at CVTC, made online awareness

2. What media efforts do you see as effective for invasive plant education that would increase outreach to our communities?

Twitter seems to have the best platform for spreading information fast and effective.

3. Can you imagine a role that you could engage with LCIP? If so, what would that be?

Volunteering opportunities that we can engage in. Personally I will be going into the forestry departments/programs at Steven's point, thus I will probably be engaging with LCIP.

Dunn County Fish & Game Clubhouse 1600 Pine Ave, Menomonie, WI 54751

## Small Group Activity - Focus Questions

1. How can we begin to or further partner with you and your organization this year?
  - Re-visit Freshwater Family Farms to discuss past/future projects
  - FFF will schedule another visit to LCIP
2. What media efforts do you see as effective for invasive plant education that would increase outreach to our communities?
  - Facebook
  - email lists from partners
  - Radio commercials
  - Conferences, seminars
  - Universities ← reach out → High School Teachers (Ag, Science)
  - Flyers around the communities
  - Use Us (FFF)
3. Can you imagine a role that you could engage with LCIP? If so, what would that be?
  - We give regular property <sup>tours</sup> at FFF, we are /can promote LCIP to all of our interested visitors. We can explain more about invasives and how we combat them at FFF, This will get people more engaged and hopefully take more of an interest in the importance of eradicating invasive species. We will always be sure to promote LCIP so people can approach the organization for help about aliens.
