LOWER CHIPPEWA
INVASIVES PARTNERSHIP

Lower Chippewa Invasives Partnership, Inc.
700 Wolske Bay Road, Suite 275
Menomonie, WI 54751
715-539-2766

Dear financial partner,

We would like to thank you in advance for taking the time and consideration to be a crucial LCIP financial partner. We appreciate that you are dedicated to the awareness, education and control of invasive species within the counties of Chippewa, Dunn, Eau Claire, Pepin and Pierce. With your support LCIP will be able to sustain their efforts that reach citizens of all ages and backgrounds. By supporting LCIP you help to build our community to be like minded in being conscientious of our decisions and to preserve our land and water. Your support helps bridge those gaps between partners in our community to help restore our environment by building those relationships. Invasive plants have been said to affect the USA economy by \$35 billion per year by affecting 3 million acres annually. Let's work together to help slow the impact and help citizens play a vital role.

Since we value your business and the support you give us to build our partnership, LCIP will offer some unique benefits for you. Benefits of our partnership range from a variety of items and advertising that will support your business. We hope you can make supporting LCIP a priority that promises to continue to bring our community together to pool our resources to make our best effort in outreach, education and controlling these invasive species that have taken over our land. Our board and staff will use your funds wisely to reach our goals that are for the common good of our communities. We hope you consider this partnership in your yearly budget so that your support can be counted on, and staff then can focus more on the urgent tasks at hand.

This is a closer look at what promotion your financial contribution will bring you in return:

- ✓ LCIP website advertisement which has over 2,750 visitors and over 7,000 views per year
- ✓ LCIP Facebook page advertisement which has over 700 likes and 800 followers
- ✓ LCIP annual meeting where partners from around the region gather and network
- ✓ LCIP presentations around the Midwest where partners will be acknowledged
- ✓ LCIP booth exhibits at various local, regional and national conferences
- ✓ LCIP invasive tours and workshops where partners will be acknowledged

If you have other ideas, we can work together on how to engage our community to know that you are committed to support LCIP and building our community stronger. If have any other questions, please feel free to talk with us. We look forward to serving our community together with you!

Spread the Word, Not the Plant!

Support outreach, education and control of invasive plants throughout the Chippewa, Mississippi and Red Cedar watersheds

Your financial support improves our livelihood and enjoyment of our natural resources that make up our unique West Central Wisconsin community. By partnering with Lower Chippewa Invasives Partnership (LCIP), you are contributing to building those foundations that sustain our community's ability to tackle these large-scale issues by engaging our active citizens. See the partner levels that reflect the 2021 budget as a starting point and additional staff will require increased funding that we need you to help us with!
